

Advanced films for touch panel

触摸屏用途功能膜

Fine Tiara series

Providing various advanced films applied for top surface use, internal use and electrode use.
提供最表面用、内部插入用、电极用等各种高机能光学膜

Advanced Films 功能膜

Exploded view of the touch panel <image> 触摸屏分解图 <印象>			Application 用途					Features 特长						
Category 类别	Product name 产品名称	Number 型号	触摸屏 Touch panel	車載 Automotive	FPD 平板显示器	After market 后市场	户外用(窗膜) Outside	低反射 Anti-Reflection	防爆膜 Anti-Scattering	高硬度・耐刮伤 High hardness, Scratch resistance	防污・拒指纹 Anti-Fouling, Anti-Fingerprint	电极图案非ITO用 Invisible electrode pattern	胶粘性 Adhesive tape strength	可见性 Visibility
for automotive 車載用	Super retarder HC/AR film 超双折射硬化・AR膜	MUAH4 MUAC4												
for outside (window) 户外(窗户)用	Window film for architecture 建筑用窗膜	MUAH4												
for touch panel 触摸屏用	for electrode 电极用	For ITO use index-matching hard coat film ITO用IM硬化膜	MUAH7											
		For metal mesh use hard coat film 金属网格用硬化膜	MUAH5											
	for top surface 最表面用	Super low Anti-Reflection film 超低防反射膜												
		Anti-Reflection film 防反射膜	MUAR7											
		Anti-Fingerprint/ Anti-Scratch hard coat film 耐指纹・耐划伤硬化膜												
		Super high hardness hard coat film 超高硬度硬化膜												
for internal 内部插入用	Super low Anti-Reflection film 超低防反射膜													
	Chromaticity adjustment low reflection film 色度调整低反射膜	MUAC6												
	Shatter-proof hard coat film 防爆硬化膜	MUAH4												

Please see the page for "Notes before you use"
